Every student entering secondary school in Ontario is required to complete 40 hours of community involvement to receive a diploma (Ontario Secondary Schools, Grade 9 to 12: Program and Diploma Requirements, 1999). The purpose of this requirement is to encourage students to develop an understanding of the various roles they can play in their community and to help them develop a greater sense of belonging within the community.

This document provides information on the community involvement diploma requirement for students and parents, as well as, for the persons and organizations who are asked by students to sponsor a community involvement activity. If further information is required, please contact the guidance department or Principal in your school.

Students will select one or more community involvement activities in consultation with their parents. Selection of activities should consider the age, maturity, and the ability of the student, the location and environment of the proposed activity, and the need for any special training, equipment, and preparation. The safety of the student is paramount.

It should be noted that students will not be paid for performing any community involvement activity.

A parent is not required to sign a form or to be consulted if the student is eighteen years of age or older.

If students have any questions regarding community involvement or would like up-to-date suggestions on activities to fulfill their community involvement requirements, they are recommended to contact their guidance counselors!
